

**SC1-DTH-14-2020**

# **Pre-commercial Procurement for Digital Health and Care Solutions**

Horizon 2020  
Work Programme 2018-2020  
8. Health, demographic change and wellbeing

Orestis KALLIANTZIDIS  
DG CNECT H3 - eHealth, Well-being & Ageing  
Innovation Procurement workshop, Brussels, 17 October 2019

## Target audience & scope

Applicants who are:

- **Public procurers** and, possibly, private procurers and other entities,

who will submit **proposals** which will:

- Support health and care service providers to procure the development of digital services, facilitating the transition to integrated care models across health and social services and country-specific cross-institutional set-ups;
- Address key challenges such as patient empowerment, self-management, patient safety, patient involvement, chronic disease management, diagnosing, hospital logistics, skills and independent living by ICT-based solutions such as, e-Health, telemedicine, and mHealth (to be defined through the market consultation process);
- Focus on interoperable solutions based on open platforms, best practices and standardisation initiatives;
- Facilitate the early adoption and transferability;
- Ensure compliance with ethical standards, patients' rights and privacy protection.

## Who are the leading players?

- (Public) Procurers
- Hospital clusters, care services providers
- Patients & their communities

Check out the project portfolio slide and relevant links provided in the slides.

## Basic requirements

Proposals for **Pre-Commercial Procurement (PCP)** projects which:

1) Respect the **design** of this particular H2020 funding instrument

*A PCP steers the development of solutions towards concrete public sector needs, whilst comparing/validating alternative solution approaches from various vendors.*

2) Respect the **specific H2020 proposal template** and other PCP-related templates provided by the European Commission.

## Expected impact

### **Appropriate indicators** for:

- Established path to innovation, evidence of benefits of disruptive technologies that can support the development of sustainable business models, improved user and market engagement, strengthened procurement community, evidence of healthy innovation ecosystems. Evidence in key performance areas i.e., quality in health and care, sustainability of the delivery system and economic value.
- Increased opportunities for solution uptake across wider international procurement markets by aiming at interoperable solutions validated through field testing.

# SC1-DTH-14-2020: Topic profile

Type of action: **PCP – Pre-Commercial Procurement**

Opening: 19/11/2019

Deadline: 22/04/2020

Total budget: €9 M

**Indicative** EU contribution/proposal: €4-5 M

**Funding rate** for PCP actions is limited to **90%** of the total eligible costs to leverage co-financing from the procurers in this specific case.

\*US legal entities allowed to receive funding.

\*Members of consortium are required to conclude a consortium agreement, in principle prior to the signature of the grant agreement.

# Topic evolution

*This call topic is based on SC1-DTH-10-2019-2020 - Digital health and care services (PCP).*

*Other selected DG CNECT WP topics relevant (current project portfolio):*

- *SC1-HCC-04-2018: Digital health and care services – support for strategy and (early) adoption (CSA)*
- *SC1-PM-12-2016: eHealth innovation in empowering the patient (PCP)*
- *PHC-27-2015: Self-management of health and disease and patient empowerment supported by ICT*

## Current project portfolio

*Potential applicants can find **ongoing PCP projects**, as well as relevant EU-funded actions at an earlier stage (Coordination & Support Actions – CSAs) or more mature stage (Public procurement of Innovative solutions – PPI) at the following address:*

<https://ec.europa.eu/digital-single-market/en/eu-funded-projects>
