

Description of the unit of intangible cultural heritage

Unique identification of heritage: **2-00065**

Name of the unit: **Painting beehive panels**

Category of heritage:
performing arts

Brief description:

Painting beehive panels involves the decoration, often with figurative motifs, of the front panels of the box-like beehives found in the Carniolan type of apiary. Since the mid-18th century, this has been an original and popular kind of folk art, characteristic of a significant part of Slovene ethnic territory.
