

Description of the unit of intangible cultural heritage

Unique identification of heritage: **2-00070**

Name of the unit: **Migratory beekeeping**

Category of heritage:
economic knowledge and skills

Brief description:

Migratory beekeeping involves transporting bees and hives to make best use of available forage. It requires a knowledge of beekeeping and transporting bees, of plants suitable for honey production and of the relevant legislation; it also demands that the beekeeper carefully monitors weather conditions.
