

Description of the unit of intangible cultural heritage

Unique identification of heritage: **2-00099**

Name of the unit: **Midwifery**

Category of heritage:

knowledge and practices concerning nature and the universe

Brief description:

Midwifery involves the special skills and knowledge required to assist women giving birth and their babies. It includes support and interventions during pregnancy, during and after the birth, with breastfeeding, and care of the infant. The aim is a successful outcome of the birth and a good start to family life.
