Introduction

On 1 January 2020 the Court had 59,676 applications pending before its decision bodies. The purpose of this document is to provide a snapshot of the numbers and types of cases pending against the different Contracting States as at that date. To this end reference is made to the Court's priority policy¹ and the different categories established thereby (I-VII). The countries have been ranked according to the number of pending applications². Their ranking in 2019 is in brackets after the name of the State.

1. The Russian Federation (n°1 in 2019)

There are 15,037 applications pending, of which 14,032 (93%) are in categories I to V and 1,005 (7%) in category VI or VII. 8,579 applications are in the top three categories according to the priority rule. Of the 14,032 applications in categories I to V some groups can be identified: 36% concern conditions of detention; 14% freedom of assembly; 11% other detention issues (like length, lawfulness, family visits in prison); 6% different complaints in some areas of the Donbass region and in Crimea; 3% metal cages in courtrooms; 3% ill-treatment; 3% property issues; 1% events in South Ossetia; 1% operations in North Caucasus.

2. Turkey (n°4 in 2019)

There are 9,236 applications pending, of which 7,946 (86%) are in categories I to V and 1,290 (14%) are in category VI or VII. 4,510 applications are in the top three categories according to the priority rules. Of the 7,946 applications in categories I to V a number of groups can be identified: 62% concern different issues linked to the state of emergency; 12% property issues (such as expropriation, laws on forests or return to villages, failure to pay debts); 6% fairness of proceedings (mainly criminal applications); 4% judicial careers; 2% freedom of expression; 1% ill-treatment.

3. Ukraine (n°3 in 2019)

There are 8,827 applications pending, of which 8,554 (97%) are in categories I to V and 273 (3%) in category VI or VII. 2,010 applications are in the top three categories according to the priority rules. Of the 8,554 applications in categories I to V some groups can be identified: 66% concern different complaints in some areas of the Donbass region and in Crimea; 5% fairness of proceedings; 5% property issues; 3% ill-treatment; 3% the lawfulness of detention; 1% access to court.

4. Romania (n°2 in 2019)

There are 7,879 applications pending, of which 7,724 (98%) are in categories I to V and 155 (2%) are in category VI or VII. 6,732 applications are in the top three categories according to the priority rules. Of the 7,724 applications in categories I to V some groups can be identified: 85% concern conditions of detention; 4% property issues related to restitutions; 3% fairness of proceedings.

5. Italy (n°5 in 2019)

There are 3,071 applications pending, of which 2,945 (96%) are in categories I to V and 126 (4%) in category VI or VII. 327 applications are in the top three categories according to the priority rules. Of the 2,945 applications in categories I to V some groups can be identified: 18% fairness of proceedings; 16% different Italian pensioners' questions; 16% concern length of proceedings and/or non-enforcement of "Pinto" law decisions; 8% other issues linked to the "Pinto" remedy; 6%

¹ An explanation of the Court's priority policy can be found on the Court's internet site http://www.echr.coe.int/Documents/Priority_policy_ENG.pdf

² When an application is directed against several States it is counted only for one State.

preventive measures entailing confiscation of goods linked to the mafia; 5% expropriation; 5% blood transfusions.

6. Azerbaijan (n°6 in 2019)

There are 1,950 applications pending of which as many as 1,926 (99%) are in categories I to V and 24 (1%) are in category VI or VII. 483 applications are in the top three categories according to the priority rules. Of the 1,926 applications in categories I to V, 26% concern refugees from Karabakh and 8% the 4-day border clashes in Karabakh in April 2016, 13% the lawfulness of detention, 12% fairness of proceedings, 6% freedom of assembly; 5%) freedom of association, 4% non-enforcement and 4% freedom of expression.

7. Armenia (n°7 in 2019)

There are 1,631 applications pending, of which 1,545 (95%) are in categories I to V and 86 (5%) are in category VI or VII. 201 applications are in the top three categories according to the priority rules. Of the 1,545 applications in categories I to V, 39% concern refugees from Karabakh, 28% the 4-day border clashes in Karabakh in April 2016 and 5% freedom of assembly.

8. Bosnia and Herzegovina (n°13 in 2019)

There are 1,593 applications pending, of which 1,504 (94%) are in categories I to V and 89 (6%) are in category VI or VII. 2 applications are in the top three categories according to the priority rules. Of the 1,504 applications in categories I to V, 93% concern non-enforcement issues.

9. Serbia (n°9 in 2019)

There are 1,344 applications pending, of which 840 (62%) are in categories I to V and 504 (38%) are in category VI or VII. 39 applications are in the top three categories according to the priority rules. Of the 840 applications in categories I to V, some groups can be identified: 47% concern non-enforcement of judgments rendered against "socially-owned companies"; 10% divergent case-law; 8% length of proceedings; 8% impartiality and independence of the court.

10. Poland (n°10 in 2019)

There are 1,245 applications pending, of which 889 (71%) are in categories I to V and 356 (29%) are in category VI or VII. 111 applications are in the top three categories according to the priority rules. Of the 889 applications in categories I to V some groups can be identified: 30% concern length of proceedings; 15% property issues (taxes, pensions, expropriation, restitution, non-enforcement); 9% access to court; 5% freedom of expression.

11. Republic of Moldova (n°11 in 2019)

There are 1,054 applications pending, of which 1,010 (96%) are in categories I to V and 44 (4%) are in category VI or VII. 209 applications are in the top three categories according to the priority rules. Of the 1,010 applications in categories I to V some groups can be identified: 13% concern fairness of proceedings; 10% ineffectiveness of the remedy concerning non enforcement; 9% property issues (including expropriation); 8% insufficient reasoning of court decisions; 6% conditions of detention; 5% revision of final judgments; 4% different Transdniestrian issues.

12. Greece (n°14 in 2019)

There are 719 applications pending, of which 704 (98%) are in categories I to V and 15 (2%) are in category VI or VII. 296 applications are in the top three categories according to the priority rules. Of

the 704 applications in categories I to V, 30% concern conditions of detention, 13% fairness of proceedings, 12% property issues, 10% access to court and 5% length of proceedings.

13. Albania (n°15 in 2019)

There are 610 applications pending, of which 603 (99%) are in categories I to V and 7 (1%) are in category VI or VII. 24 applications are in the top three categories according to the priority rules. Of the 603 applications in categories I to V, 47% concern property issues related to restitution, 12% concern length of proceedings, 9% non-enforcement, 7% fairness of proceedings and 6% access to court.

14. Georgia (n°8 in 2019)

There are 597 applications pending, of which 557 (93%) are in categories I to V and 40 (7%) are in category VI or VII. 86 applications are in the top three categories according to the priority rules. Of the 557 applications in categories I to V, 78% derive from the events in South Ossetia and 2% in Abkhazia. 20% of the remaining applications concern fairness of proceedings, 17% ill-treatment and 16% various property issues (expropriation, enforcement of judgments).

15. Croatia (n°16 in 2019)

There are 513 applications pending, of which 398 (78%) are in categories I to V and 115 (22%) are in category VI or VII. 106 applications are in the top three categories according to the priority rules. Of the 398 applications in categories I to V, 18% concern fairness of proceedings, 15% property issues, 15% conditions of detention, 15% length of proceedings and 7% access to court.

16. France (n°18 in 2019)
