Ogrevanje - multiple choice

Ogrevanje - kako dobro poznam tematiko občanske znanosti

Sem strokovnjak, dobro poznam področje,...

S tematiko se šele spoznavam, nekaj malega že vem,...

Ogrevanje - prihajam iz...

A stylized illustration of a globe with a light blue and green color scheme. Several people are depicted on the globe's surface: a man in a blue shirt and dark pants on the left, a woman in a white shirt and blue skirt in the center, and a woman in an orange dress on the right. They appear to be engaged in collaborative work or discussion. The globe is set against a white background.

Načrt politik ERA

- razvijal vzporedno s Paktom za R&I
- Pakt = politični vodnik
- Pakt => 4 prioriteta področja
- Tem 4 ustreza arhitektura Načrta politik ERA

An illustration of a globe with a light blue and green color scheme. On the surface of the globe, there are several white, 3D rectangular blocks arranged in a staircase-like pattern. Four stylized human figures are positioned on these blocks: one on the left, one on the second step, one on the third step, and one on the bottom right. A small potted plant sits on one of the blocks. The background is a soft, out-of-focus light blue.

Načrt politik ERA - 4 prednostna področja

- Poglobljanje ERA (ukrepi 1 - 9)
- *Skupno naslavljanje izzivov (ukrepi 10 - 14)*
- Dostop do odličnosti (ukrepi 15 - 17)
- Pospeševanje reform in naložb (ukrepi 18 - 20)

Ukrep 14

- 14.1: nadgrajevanje pobude Pirati plastike
- 14.2: evropska znanost v mestih
- 14.3: komuniciranje znanosti
- 14.4: koordinacijski mehanizmi in prakse angažiranja javnosti

A stylized illustration of a globe in the background. In the foreground, there are several stylized human figures: a person in a blue shirt and dark pants on the left, a person in a white shirt and blue skirt in the center, and a person in an orange dress on the right. A small potted plant with yellow flowers sits on a white pedestal in the center. The overall style is modern and colorful.

Ukrep 14.4 - koordinacijski mehanizmi in prakse angažiranja javnosti

- DČ na različnih stopnjah razvoja politik angažiranja javnosti na področju R&I
- uspeh odvisen od stimulacije angažiranja (spodbude in nagrade, institucionalna podpora, razvoj veščin in kompetenc,...)

An illustration of a light blue globe with a white staircase wrapped around it. Several stylized human figures are on the stairs: a person in a blue shirt and grey pants is running up; a person in a white shirt and blue skirt is standing; a person in a white shirt and grey pants is walking; a person in a red dress is walking; and a person in a blue shirt and red skirt is walking. A small potted plant is on one of the steps. The background is white with faint blue diagonal lines.

Sodelovanje širše javnosti v znanstvenih procesih z odprtim in vključujočim pristopom ter uporaba v družbeno korist in pri procesih odločanja.

"Citizen science"

Kje vidite vi potrebo vključevanja javnosti v raziskave & inovacije / kje bi želeli biti vključeni?

Okolje in trajnost

Socialne zadeve

Pri praktični uporabi znanosti Na področjih, ki se nas bolj konkretno tičejo: sociala, zdravje, okolje

Raziskave s področja okolja, družboslovne raziskave.

Kjer sploh lahko državljani sodelujejo in zburajo podstke, v glavnem v okolju, narAvoslovju, ...

Jaz v organizacija, kombinacija raziskav in podjetij/javnih organizacij, ki niso izobraževalne ali raziskovalne. Občani: v izobraževanju.

Vključevanje javnosti

An illustration of a globe with a light blue and green color scheme. On the globe, there are several white, 3D rectangular blocks arranged in a staircase-like pattern. Four stylized human figures are positioned on these blocks: a man in a blue shirt and grey pants on the left, a woman in a white top and blue skirt on the second step, a man in a white shirt and grey pants on the third step, and a woman in a blue top and orange skirt on the bottom right. A small potted plant sits on one of the steps. The background is a soft, light blue gradient.

Maksimiranje ustreznosti in odličnosti občanske znanosti

Ali je znanost/ so raziskave lahko odlična_e BREZ občanske znanosti?

0%

Seveda je lahko. Ne rabimo amaterjev pri raziskavah.

20%

Sem precej zadržan_a glede vključevanja javnosti v znanstvene raziskave.

80%

Vidim velik potencial v občasnki znanosti, kot dopolnjevanju tradicionalnih virov raziskav.

S katero trditvijo se najbolj strinjate?

Kaj je/ s čim je povezana "odličnost občanske znanosti"?

Na kaj je potrebno biti pozoren pri občanski znanosti - IZZIVI?

Se vam zdi, da je občanska znanost dovolj prepoznavna v akademskih krogih?

An illustration of four stylized figures standing on a light blue, globe-like structure composed of several white, rectangular blocks. The figures are diverse in appearance: one is a man in a blue shirt and dark pants, another is a woman in a white dress holding a tablet, a third is a woman in a white lab coat with a red backpack, and the fourth is a woman in a red dress. A small potted plant sits on one of the blocks. The background is a soft, light green gradient.

Etična vprašanja

- potrebno obravnavati, ko se projekt začne in tekom znanstvenega raziskovanja
- izobraževanje in usposabljanje občanskih znanstvenikov o odgovornem izvajanju raziskav

Kaj se vam zdi v odnosu razsikovalec - občanski znanstvenik najbolj pomembno?

ODMOR - 5 minut

Time for a break!

An illustration of a globe with a light blue and green color scheme. A path of white rectangular blocks winds across the globe's surface. Five stylized human figures are positioned along this path: a person in a blue shirt and grey pants running on the left; a person in a white dress holding a tablet in the upper center; a person in a white shirt and grey pants walking in the center; a person in a blue shirt and orange skirt walking in the lower center; and a small potted plant with green leaves on one of the blocks in the lower left. The background is a solid light blue.

Vprašanja

- Področja/ projekti, kjer vidite največji doprinos občanske znanosti?
- Potrebno področje občanske znanosti urejati tudi na normativni ravni?
- Dejavniki, ki naredijo občansko znanost odlično?

Področja / projekti kjer je lahko doprinos OZ največji?

Bo potrebno področje občanske znanosti urejati tudi na normativni ravni?

Omogočujoče okolje za občansko znanost

- podporni pravni in politični okvirji in njihova implementacija
- institucionalni okvir, operacijske strukture
- krepitev zmogljivosti
- podporne tehnološke in podatkovne infrastrukture
- družbeni dialog
