

2021 Digital Docs Provider Fair

[TAICEP](#) and its Digital Student Data Task Force are thrilled to be hosting the first ever Digital Docs Provider Fair, which is to take place virtually in early March of 2021. This event gives providers of digital academic records the ideal platform to inform and educate a variety of institutional users and recipients. These include international admissions officers, registrars, credentials evaluators, and professional licensing officials that receive student records for review.

This exciting opportunity is particularly relevant for issuers of electronic transcripts, national repositories and databases, portals for online verification, and other related services. The TAICEP Digital Docs Provider Fair allows you the chance to give a demo and answer questions from users and potential users alike. Sessions last 25 minutes.

To participate as a presenter, please submit your Statement of Interest by Monday, January 11, 2021. It is preferred that you click [here](#) for your submission. However, if you are not able to access and complete a Google Docs form successfully, you may use the copy that follows instead and email it to digital@taicep.org

Confirmations will be emailed the week of January 18, 2021. There is no cost for providers to participate. For more information about TAICEP, please go to www.taicep.org. For any questions, please email digital@taicep.org.

Digital Docs Provider Fair

Please use this form to express your interest in sharing your platform with the international admissions and credential evaluation community.
