Ministry of Higher Education, Science and Innovation

NIC projects per UN Sustainable Development Goals

*projects and programmes

projects 2023

MSCA Staff-Exchange – preparation hiccups

- Perception of the call nature by researchers
 - Pursuing scientific excellence Vs. exchanging best practices
- Distribution of secondments
- Definition of the WBS for the project
- Determining impact on Staff Exchange (IPR?)

MSCA Staff-Exchange – Implementation

- Experience from projects BioTrainValue and VILLAGE
 - Time planning within GAP (Consortium Agreement)
 - Authority of the coordinator (+ willingness to cooperate)
 - Personal ties with researchers
 - Differences in mechanisms for unit cost payments
 - National laws for public organizations – pain point! (no gymnastics)
- Will we submit applications in the future: YES!
- But... **Lessons learned**
