Comitology Register

Comitology Register

Comitology refers to a set of procedures, including meetings of representative committees, that give EU countries a say in implementing acts.

The comitology register contains a list of all comitology committees, as well as background information and documents relating to the work of each committee.

The comitology register also contains:

- Agendas of committee meetings.
- Draft implementing acts submitted to committees (if these have not yet been made public, only the reference is provided).
- Results of voting.
- Summary records of meetings, written consultation documents and lists of authorities representing each EU country.
- The committees' legal basis and rules of procedure.
- Where relevant, other related documents discussed during committee meetings.

The register includes all documents forwarded to the EU Parliament for information or scrutiny.

The documents available in the register enable you to trace the different stages of an implementing act throughout its entire lifecycle. Most documents can be downloaded. Those that cannot be downloaded can be requested from the relevant Commission department. That department will contact you by e-mail, usually enclosing the document.

Pogosta vprašanja – Obzorje Evropa

- 1. Kdo lahko sodeluje?** 3 partnerji iz 3 razl.evropskih držav / Povprečno: 5-15 partnerjev in 3-8 MIO €
- 2. Navedena sredstva v WP so za kaj?** Razpisana sredstva v WP se nanašajo na „temo“ (topic) ne na projekt
- 3. Ali lahko sodelujejo pridružene članice?** Da, a vsaj ena mora biti država članica
- 4. Koliko je lahko partnerjev iz iste države?** Primer: 10 partnerjev iz Lux, Brux – not eligible

Dodaj Fr = eligible

5. Kako najdem partnerje? partner search, CORDIS (previously funded projects), Brokerage events (januar 2026)

6. Ali lahko ena institucija odda več kot 1 predlog v istem razpisu? Da, ampak: zmožnost opravljanja nalog, če si financiran; ethnic point: transparentnost z drugimi partnerji; ustvari različne delovne skupine zaradi uhajanja podatkov

7. Blind evaluation? v 2026 je 6 takih razpisov. Vedno težava zapisa. Primer: largest FR agency – preveč natančno / uporabi AI da preveriš ali se iz zapisanega (excellence, impact) razbere struktura.

8. **Kako veš, da je okvir projekta v redu?** Če naslavlja
Pilar 2 – globalni izzivi... + strateški cilji HEU

9. **Kaj je impact?** NI to do list!

10. **Ali projekt lahko obravnava samo določeno
ombočje, določene države?** Da, če naslavlja Pilar 2 +
strateške cilje HEU

11. Sledljivost hrane se mi zdi ključni element zagotavljanja
prehranske varnosti. Na podlagi preliminarne raziskave na
podlagi kontrole s strani genetike pa ugotavljam, da je le ta
v mnogih primerih kršena. **Ali bi lahko bil upravičen
projekt s tematiko sledenja hrane s pomočjo
elementne in izotopske analitike ter genotipizacije
(genetike)?** D2: Farm2Fork

12. Za področje Grozd 6 - ali je še čas za nove partnerje (npr. lokalne akcijske skupine, operativen skupine EIP, demonstracijske kmetije), ki še niso sodelovali v projektih Obzorje Evropa, da se priključijo? Na kakšen način bi najlažje navezali stik s predlagatelji projektov oz. kako lahko sami predlagajo novo projektno idejo? F&T – Partner Search
