1. SME self-assessment tool

Allows users to perform a **non-binding self-assessment** of whether their organisation qualifies as SME as a **step-by-step wizard**

The screenshot shows the 'EU Funding & Tenders Portal' with the 'SME Wizard' page. The 'Guidance & documents' menu is open, and the 'SME Self-assessment tool' option is highlighted. The main content area displays the 'SME Self-assessment' section, which includes a table defining SME criteria based on company category, staff headcount, turnover, and balance sheet total.

| Company category | Staff headcount | Turnover | OR | Balance sheet total |
|------------------|-----------------|----------|----|---------------------|
| Medium-size | < 250 | ≤ € 50 m | | ≤ € 43 m |
| Small | < 50 | ≤ € 10 m | | ≤ € 10 m |
| Micro | < 10 | ≤ € 2 m | | ≤ € 2 m |

EU programmes

Tous les citoyens de l'UE peuvent demander un financement de l'UE. L'UE dispose de plusieurs programmes de financement différents pour lesquels vous pouvez introduire une demande, en fonction de la nature de votre entreprise ou de votre projet. Des possibilités de financement sont également disponibles dans le cadre de programmes qui seront mis en œuvre directement par les États membres, tels que la facilité pour la reprise et la résilience ou le Fonds pour une transition juste. Avant de faire une demande de financement, consultez toujours les lignes directrices de l'appel pour voir si vous êtes admissible.

3. Reinforcing security in EU login: Two-factor authentication – why?

- Information and data in proposals, grants, contracts, expert profiles etc. are in the category **'Sensitive non-classified'**
- Many roles give access to information **shared with other users**
- Simple password protection considered as **not secure enough for this category**

Two-factor authentication – how?

It is the use of a physical device to confirm an online connexion attempt.
Using a combination of **username and password** is **no longer secure enough!**

- Mobile device (smart phone, tablet) with EU Login app

- eID – national ID card providing digital identification

- Special USB security key or trusted platform (TPM)

- Passkey on your mobile device or computer

Ongoing rolling out

- **December 2025 Pilot:** Activation of mandatory 2-factor authentication for a list of selected users (LEARs and Account Administrators of 1 000 most frequent beneficiaries, 50 evaluation experts)
- **January to June 2026:** gradual roll-out, by batches. Concerned users notified individually in due time
- **1st semester 2026:** Roll-out of mandatory 2-factor authentication to all concerned users
- **May 2026:** 110 722 users activated 2FA already and 386 413 users in total are concerned by the roll-out

Calls for proposals

Calls for proposals are funding opportunities issued by the European Union institutions, agencies and bodies. These are direct financial contributions, known as grants, that are awarded to third-party beneficiaries (e.g., research organisations, public entities, non-governmental organisations, and private companies) to engage in activities that serve EU policies.

Objective

Eurocities is committed to reinforcing social Europe and strengthen cities capacity to support the future implementation of new EU social policy initiatives under the action plan of the European Pillar of Social Rights. We engage cities in the EPSR implementation through a work programme for capacity building, mutual learning and data gathering that leads to concrete policy change at local level. Through this work, cities can deliver EU social policy objectives at local level and help mitigate the socio-economic consequences of the pandemic crisis as well as dealing with the socio-economic impact of the war in Ukraine on the most vulnerable people – rising inflation energy and food prices. Cities are at the forefront of driving a fair and inclusive recovery, making a tangible difference for the lives of over 36 million Europeans.

6. Programme dashboards for statistics

The screenshot shows a web browser window with the URL `ec.europa.eu/info/funding-tenders/opportunities/portal/screen/programmes/programme-dashboards`. The page is titled "EU Funding & Tenders Portal" and features a navigation menu with options like Home, Funding, Procurement, Projects & results, News & events, Work as an expert, and Guidance & documents. A search bar is also present.

The main content area is titled "Programme Dashboards" and includes a sub-menu with options: EU Funded projects, Results & Innovation support, and Programme dashboards. The text below the menu states: "Looking for statistics and graphic information on participants in different EU funded programmes... currently available list of dashboards with details on evaluated proposals, funded projects and their... and regions, specific domains, programme parts as well as other filters."

The dashboards aim to provide users with a simplified and modernised source of information to enhance the transparency of the actions funded by the EU Budget. They facilitate data sharing and public access to updated programme data in an easy, flexible, and user-friendly manner.
