

ERC and national support measures for researchers in Slovenia

Anna Dragoš

*Department of Microbiology
Biotechnical Faculty
University of Ljubljana*

How to benefit from national support measures ?

Webinar 15.06.2023

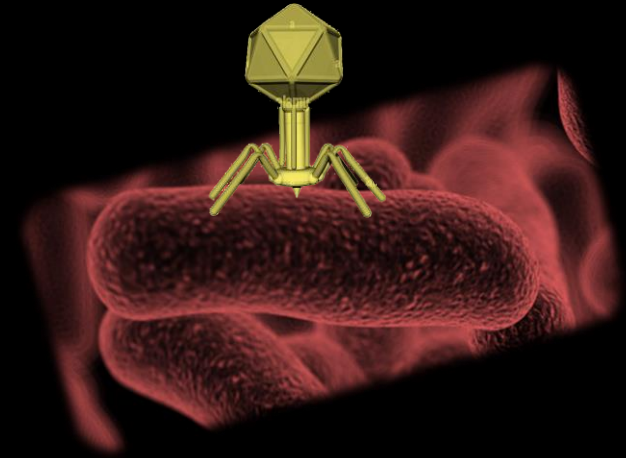

PHAGECONTROL group

Retreat lunch – 9.06.2023

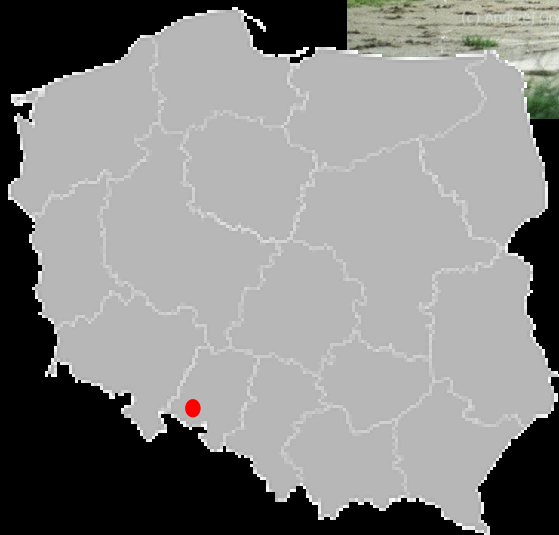

ERC Starting
Since 1.11.2022

Evolution of parasite
manipulation by bacteriophage

Department of Microbiology
Biotechnical Faculty
University of Ljubljana

Erasmus

Prof. Ines Mandić Mulec

2014 – 5 minutes after PhD defense

Prof. Akos. T. Kovacs
@Evolved_Biofilm

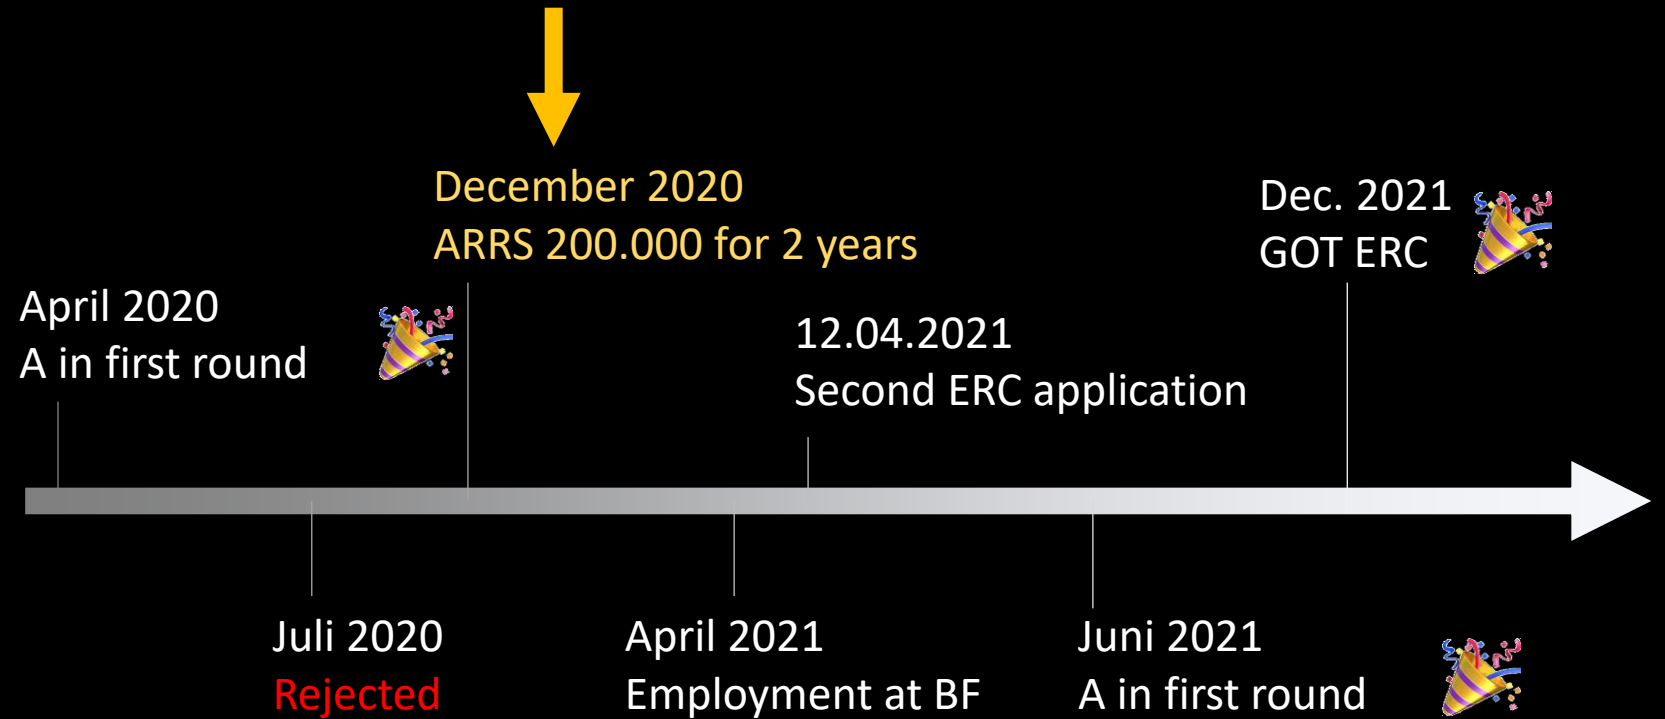

2015-2021

First ERC application 16.10.2019

Stil at Technical University of Denmark

26th of April 2021

Reintegrated PI

PhD candidate

We are operating!

Research
Seminar

University of Ljubljana, Biotechnical Faculty

New department

New group with unique focus

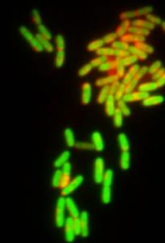

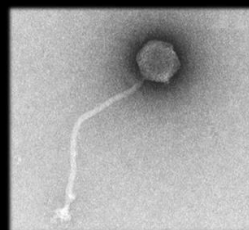

Ines Mandic-Mulec

Robert Hertel

Mikael Lenz Strube

How did I benefit from national support measures in Slovenia:

1. Apply with Slovenian host institution =>

2. Take advantage of Complementary Scheme Grant:

- Relocated to host institution
- Became formally a PI
- 'broth' researcher with me
- Could fully commit to second ERC attempt

3. Support of the Ministry for Higher Education, Science and Sport

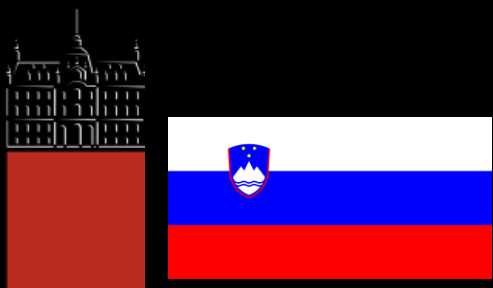

Andreja Umek Venturrini

- connection with other ERC grantees in the country
- mock interview

* Since April 2023 – Slovenian citizen 😊

ERC and national support measures for researchers in Slovenia

THANK YOU
