

REPUBLIC OF
SLOVENIA

MINISTRY OF
FOREIGN AFFAIRS

MINISTRY OF ENVIRONMENT
AND SPACIAL PLANNING

Ljubljana, 5 November 2019

Dear Sir/Madam,

From 25 to 29 November, the Ministry of Foreign Affairs and the Ministry of the Environment and Spatial Planning are holding the **Tenth Slovenian Development Days**. This year, the traditional presentation and promotion of development cooperation and humanitarian aid will focus on climate change and related challenges. Experts from Slovenia and abroad will join us in discussing how we can best use development cooperation to boost the capabilities of developing countries to reach climate mitigation and adaptation targets, while reducing global inequalities.

The main session of the Tenth Slovenian Development Days will be held on **Monday, 25 November, from 9.00 to 13.00 at the Central Post Office, Čopova 11, Ljubljana**. The next day will feature the screening of the documentary film *Virunga* (2014) at Kino Bežigrad, followed by a Q&A session with Emmanuel de Merode, director of Virunga National Park. The programme on Wednesday, 27 November, will be dedicated to a public discussion on transboundary water resources and integrated water resource management, held at the Research Centre of the Slovenian Academy of Sciences and Arts Atrium. Please find enclosed a detailed programme.

Online registration for the main session on 25 November is open at <https://www.1ka.si/a/233341> until Thursday, 21 November.

It is our firm belief that these discussions about pressing international topics will yield tangible and useful results.

You are cordially invited to attend.
