

# Hallerstein je del globalne dediščine Slovenije

## Hallerstein is part of Slovenian Global Heritage

Naša pobuda, kjer se s podpisi zavzemamo za obeležitev dela in lika F. A. Hallersteina na zelenici pred Gruberjevo palačo, v kateri ima prostore Arhiv Republike Slovenije. Hallerstein je ostal na Kitajskem in se nikoli ni vrnil, postavitve obeležja pa bi pomenila njegovo simbolično vrnitev. Tako bi rodovi znanamcev še dolgo hranili spomin nanj in se navdihovali z njegovimi dosežki, hkrati pa bi predstavljal tudi simbol prijateljstva med Slovenijo in Kitajsko.

Our initiative to install a memorial of F. A. Hallerstein's achievements on the grassland in front of the Gruber's Palace hosting Archives of the Republic of Slovenia confirmed with signatures. Hallerstein stayed in China for the rest of his life, and never returned. The instalment of a memorial would mean his symbolic return, so that the following generations can cherish his memory and get the inspiration by his deeds. At the same time it would serve as a symbol of friendship between Slovenia and China.
