

AGENDA

“Information exchange meeting on geological issues at Krško site”

April 26, 2013, 2:00 PM
Trg republike 3, Ljubljana, Slovenia

GEN energija, d.o.o.
Vrbina 17, 8270 Krško

T: + 386 7 491 01 12
F: + 386 7 490 11 18

info@gen-energija.si
www.gen-energija.si

14:00-14:05: Welcome address (GEN)

Chair: Martin Novšak, MBA, Director, GEN energija

14:05-14:15: Introduction of participants (all)

14:15-14:25: Introduction and recall of the objective of the meeting (SNSA)

Andrej Stritar, Ph.D., Director, SNSA

14:25-14:35: Purpose and scope of the geotechnical, geological and seismological investigations (GEN)

Jože Špiler, Manager - Technical division and investments, GEN energija

14:35-14:50: Status of the investigations in the frame of GG&S contract between GEN and the consortium (BRGM as consortium leader)

Prof. Bazargan-Sabet Behrooz, BRGM

14:50-15:10: Paleosismological trenches on the Libna hill: main elements and information (GeoZS)

Miloš Bavec, Ph.D., Head of Geological Maps Department, Geological survey of Slovenia

15:10-15:40: IRSN position expressed in its letter to GEN and IRSN's view on the level of knowledge (IRSN)

Oona Scotti, Ph.D., IRSN

15:40-16:00: COFFEE BREAK

16:00-16:30: Regional geological setting of the Krško Basin (GeoZS)

Miloš Bavec, Ph.D., Head of Geological Maps Department, Geological survey of Slovenia

16:30-16:50: Characterization of Libna structure (GEN / Rizzo)

Michael Cline, Ph.D., Paul C. Rizzo Associates, Inc.

16:50-17:10: Probabilistic Fault Displacement Hazard Analysis (GEN / Rizzo)

Richard Quittmeyer, Ph.D., Paul C. Rizzo Associates, Inc.

17:10-17:50: Discussion
