The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **European Regional Meeting on the Implementation of the Guidance on the Management of Disused Radioactive Sources** (hereinafter referred to as "event"), to be held virtually via Cisco Webex from **25 to 27 January 2021**.

The purpose of the event is to enable Member States in the Europe region to exchange experiences in relation to the management of disused radioactive sources, as recommended by the Code of Conduct on the Safety and Security of Radioactive Sources and by the Guidance on the Management of Disused Radioactive Sources; to provide guidance on the safe management and secure protection of disused radioactive sources; to discuss the national and regional challenges faced by regulatory bodies and other stakeholders in this area; and to provide input into the international meeting on the topic.

The event will be held in English.

Member States are invited to designate one or more participants to represent the Government at this event. Member States are encouraged to designate the same participants as for the Open-ended Meeting of Legal and Technical Experts on the Implementation of the Guidance on the Management of Disused Radioactive Sources (EVT1904171). Member States are strongly encouraged to identify suitable women participants.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **2 December 2020** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretaries of the event, Ms Olga Makarovska, Division of Radiation, Transport and Waste Safety, Department of Nuclear Safety and Security (Email: O.Makarovska@iaea.org) and Mr Timothy Hayes, Division of Nuclear Security, Department of Nuclear Safety and Security (Email: T.Hayes@iaea.org), and to the Administrative Secretary, Mr Tom Alexander (Email: T.Alexander@iaea.org). The Scientific Secretaries of the event will liaise with the participants directly concerning further arrangements, including questionnaire answering, as appropriate, once official designations have been received.

The IAEA takes no responsibility for, and the provider of the virtual meeting services has represented and warranted that the Services shall not contain, and that no end user shall receive from the software used to hold the virtual meeting, any virus, worm, trap door, back door, timer, clock, counter or other limiting routine, instruction or design, or other malicious, illicit or similar unrequested code, including surveillance software or routines which may, or is designed to, permit access by any person, or on its own, to erase, or otherwise harm or modify any data or any system, server, facility or other infrastructure of any end user (collectively, a "Disabling Code").

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.
