The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **Annual Meeting of the International Network for Nuclear Security Training and Support Centres** (hereinafter referred to as "event") to be held in Vienna, Austria, from **18 to 22 July 2022**.

The purpose of the event is to advance the work of this collaborative network of training and support institutions that are involved in, or plan to be involved in, the provision of nuclear security training or nuclear security technical and scientific support services.

The attached Information Sheet provides further details of the event.

The event will be held in English.

Member States are invited to designate one or more participants to represent the Government at this event. Member States are strongly encouraged to identify suitable women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made at the time of designating the participants using the attached Grant Application Form (Form C).

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **13 June 2022** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretary of the event, Ms Quillan Rose, Division of Nuclear Security, Department of Nuclear Safety and Security (Email: Q.Rose@iaea.org), and to the Administrative Secretary, Ms Camille Schmitt (Email: C.Schmitt@iaea.org). The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once official designations have been received.

Should Governments wish, in addition, to appoint one or more observers to assist and advise the designated participants, they are kindly requested to inform the IAEA of the names and contact details of any such observers by the above date. In accordance with the established rules, Governments are expected to bear the cost of attendance of any observers they may send to IAEA events. Compensation is not payable by the IAEA for any damage to or loss of observers' personal property or for illness, injury or death occurring while travelling to or in connection with their attendance at IAEA events.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.

Annual Meeting of the International Network for Nuclear Security Training and Support Centres

Vienna, Austria

18 - 22 July 2022

Ref. No.: EVT2103521

Information Sheet

Introduction

The role of a nuclear security support centre (NSSC) is to support competent authorities, authorized persons, and other organizations with nuclear security responsibilities in sustaining the national nuclear security regime. The primary functions of an NSSC in this role are: human resource development, specifically through the provision of a national nuclear security training programme; technical support services for nuclear security equipment lifecycle management; and scientific support services for provision of expert advice, analysis, and research and development for nuclear security. As a corollary to these main functions, an NSSC also fosters nuclear security culture and enhances national coordination and collaboration among the various organizations involved in nuclear security. The International Network for Nuclear Security Training and Support Centres (NSSC Network) was established by consensus in February 2012 at a meeting of IAEA Member States in Vienna. The Network's mission is "to contribute to the global efforts to enhance and sustain nuclear security through an effective and collaborative network of nuclear security training and support centres," carried out through the following primary objectives: encouraging cooperation and supporting joint activities among NSSCs; identifying and documenting best practices for NSSCs; and strengthening information sharing among NSSCs.

Objectives

The primary objective of the 2022 annual meeting of the NSSC Network Annual Meeting is to bring

together IAEA Member States that have established or are planning to establish an NSSC, in order to share information on key technical themes relevant to developing and operating such a centre. The participants will also discuss overall Network priorities and receive updates from the Network leadership on progress towards individual working group objectives achieved during 2021. The Network members will review and consider next steps in several key activities, including: updates to the NSSC Network's Information Management Tools; development and implementation of workshops on the publication IAEA-TDL-010; technical exchange visits among NSSC Network members; and promotion and facilitation of greater regional cooperation among NSSCs. NSSC Network members will also select new leadership and develop new action plans for the coming period 2022 - 2023. Lastly, the NSSC Network will commemorate its ten-year anniversary.

Target Audience

All IAEA Member States are invited to attend. Points of Contact for current NSSC Network Members and official NSSC Network Observer organizations are highly encouraged to participate.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA by **13 June 2022**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by above deadline.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. Further information can be found in the [Data Processing Notice](#) concerning IAEA InTouch+ platform.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)** which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **13 June 2022**.

Venue

The event will be held at the Vienna International Centre (VIC) where the IAEA's Headquarters are located. Participants must make their own travel and accommodation arrangements.

General information on the VIC and other practical details, such as a list of hotels offering a reduced rate for IAEA participants, are listed on the following IAEA web page:

<https://www.iaea.org/events>.

Participants are advised to arrive at Checkpoint 1/Gate 1 of the VIC one hour before the start of the event on the first day in order to allow for timely registration. Participants will need to present an official photo identification document in order to be admitted to the VIC premises.

Visas

Participants who require a visa to enter Austria should submit the necessary application to the nearest diplomatic or consular representative of Austria at least four weeks before they travel to Austria. Since Austria is a Schengen State, persons requiring a visa will have to apply for a Schengen visa. In States where Austria has no diplomatic mission, visas can be obtained from the consular authority of a Schengen Partner State representing Austria in the country in question.

Subsequent correspondence on scientific matters should be sent to the Scientific Secretary and correspondence on other matters related to the event to the Administrative Secretary.

Participation Form

Annual Meeting of the International Network for Nuclear Security Training and Support Centres

Vienna, Austria
18–22 July 2022

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary Q.Rose@iaea.org and to the Administrative Secretary C.Schmitt@iaea.org.

Participants who are members of an invited organization can submit this form to their organization for subsequent transmission to the IAEA

Deadline for receipt by IAEA through official channels: 13 June 2022

Representing following Member-State/ non-Member State/entity or invited organization:		
Family name(s): (same as in passport)	First name(s): (same as in passport)	Mr/Ms:
Name of Institute/Affiliation:
